Good Morning Randy,

I am reviewing E033-065-25-00128. I am currently in discussions with the applicant & Division utilities to resolve a conflict with one location that is in a STIP that is currently under construction. Once this is resolved, the encroachment should be ready for approval.

Thank you,

Samuel “Clark” Nichols, EI
Encroachments Engineer Consultant
Utilities Unit
North Carolina Department of Transportation

Subject: RE: Automatic License Plate Reader encroachments and MOU

Randy,
Additionally, the following 3 encroachments are under review in our office for New Hanover County Sherriff's office:

* E033-065-25-00127
* E033-065-25-00128
* E033-065-25-00129

We're working with Flock Safety on the devices, supports and any foundations for review/approval for geotechnical, pole, and mounting features for safety. I haven't reviewed all the documents for these 3 encroachments, so not sure of all the details or differences, if any, between them, but those copied are "in the weeds" on them…

Subject: RE: Automatic License Plate Reader encroachments and MOU

Hey Randy,

In New Hanover County, only ALPRs by New Hanover County Sheriff's Office are allowed in the right of way. Any belonging to Town of Wrightsville Beach should be denied.

Let me know if you have any further questions!

Larry,

We recently hav3e received an email from the Town of Wrightsville Beach to place 2 LPR's on existing poles, can you advise on the process from them to do so?

Thanks,

Subject: RE: Automatic License Plate Reader encroachments and MOU

Good afternoon, all,

A new update. The SBI has rescinded approval for ALPRs for Franklin County Sherriff's Office and Henderson Police Department. Two new law enforcement agencies have been approved in their place. The 2 new agencies are Ocean Isle Beach Police Department and Granville County Sherriff's Office. Attached is the updated list for handy reference.

Some District offices have been requested to approve ALPRs by other law enforcement agencies. The official response is to deny these requests until any new legislation becomes law.

Thanks and hope everyone has a good weekend and a safe July 4th!

Larry Sanders, MGIST, PE, CPM

Subject: RE: Automatic License Plate Reader encroachments and MOU

Good afternoon, DOT Personnel,
As promised, please see the attached list of Law Enforcement Agencies authorized by State Bureau of Investigation (SBI) to participate in the Pilot Program for Automatic License Tag Readers. Additionally, one clarification is also included which, in summary, allows the local law enforcement agency to sign the encroachment agreements on behalf of SBI. The original memo is also attached for reference.

If any questions, please advise.

Larry Sanders, MGIST, PE, CPM
State Encroachments Engineer

Subject: Automatic License Plate Reader encroachments and MOU

Greetings Division Engineers, District Engineering Staff & Utilities Unit,

I am happy to share that State Bureau of Investigation (SBI) has signed a Memorandum of Understanding with NCDOT to allow the installation of Automatic License Plate Readers (ALPR) within NCDOT Right of Way under their “pilot program.” The pilot program will be limited to a small list of authorized of law enforcement agencies across North Carolina. SBI has not provided that list to NCDOT at this time. Please see the attached updated guidance for accommodating ALPRs in NCDOT right of way and the MOU.

We expect to receive a list of authorized law enforcement agencies next week from SBI and for encroachments to begin to be submitted to NCDOT via the encroachment Permits portal soon thereafter. Please note that encroachments involving ALPRs are to be sent to the Utilities Unit-Encroachments office via the Permits portal for handling during the pilot program until Oct. 1, 2026. Copies of these encroachments will be provided and coordination with District offices accordingly.

Thanks for your attention!

Larry Sanders, MGIST, PE, CPM
State Encroachments Engineer
